26
2012

Session III

Hair Course

📍 Main ballroom (I)

📄 (Tickets are required)

20:10 – 21:30

An Exciting Scientific Evening

Tickets are required - Limited No. (50\$)

Jerry Shapiro (Canada)

Abdullah Al-Khalifa (KSA)

Complications associated with laser hair removal

Ahmed Al-Issa (KSA)

Trichoscopy

Lidia Rudnicka (Poland)

Tuesday

November

27
2012

Session IV

Hall (A)

(Tickets are required)

09:00 – 10:30

Antiaging course (III) (CME = 1.5 hrs)

- How to practically evaluate a patient for its aging process status?
- How to apply practically to patients the knowledge of the biology of aging to slow down the aging process?
- Presentation of clinical cases (evaluation, interpretation & treatments)

Tickets are required (25\$)

Vincenzo Castronovo (Belgium)

Hall (B)

(Tickets are required)

09:00 – 10:30

Advanced Dermoscopy course (Parallel CME = 1.5 hrs)

- Dermoscopy in 2012 has become state of art in the diagnosis & management of pigmented & non-pigmented skin lesions. Advanced course will focus on different subtypes of melanoma based on their dermoscopic patterns.
- The most recent applications of Dermoscopy in the diagnosis of hair & scalp diseases, inflammatory and infectious skin disorders will be high-lightened. At the end of the session, participants can test their knowledge in an interactive case presentation.

Tickets are required (25\$)

Lidia Rudnicka (Poland) , Hoda Moneib

Tuesday

November

27

2012

Workshop

Hall (C)

(Tickets are required)

09:00 – 10:30

Filler workshop (Parallel CME = 1.5 hrs)

Hassan Galadari (UAE)

Hall (A)

(Tickets are required)

11:00 – 12:00

Resulting in Medistar design & what are the real features

Servomed Workshop

Hans Prüfer (Germany)

Tickets are required (25\$)

Tuesday

November

27
2012

Hall (C)

(Tickets are required)

11:00 – 13:00

Adding Anti-aging to a Dermatologic Practice Course

What is anti-aging?

- Why we age?
- Silent inflammation
- Endothelial dysfunction
- Sugar not cholesterol is the problem
- Reversing cardio-metabolic disease (aging)

Tickets are required (25\$)

Graham Simpson (USA), Abdullah Al-Eisa (KSA)

Coffee, Tea & Cookies
will be served

Tuesday

November

27
2012

(CME = 2.5 hrs)

Session V

Main ballroom (I)

(Open Admission)

Advances in Therapeutics II

10:30 - 12:15

Chairmen:

Thomas Luger (Germany), Hoda Rasheed

10:30 – 10:50

Advances in systemic therapeutics

Thomas Luger (Germany)

10:50 – 11:10

Immunotherapy of warts

Mahmoud Abdallah

11:10 – 11:30

Innovative nutritional approach for inflammatory skin lesions

Vincenzo Castronovo (Belgium)

11:30 – 11:50

Developing new treatments for inherited skin diseases

John McGrath (UK)

11:50 – 12:15

Therapeutic challenge: Treatment of a rare entity
with a new modality

Mohamed El-Darouti

12:15 – 13:00

Coffee break

Tuesday

November

27
2012

Vitiligo course

(CME = 2 hrs)

Main ballroom (I)
(Tickets are required)

Tickets are required (50\$)

Moderator: Ahmed Al-Issa**Chairmen:** Adel Emam, Mahira Hamdy El-Sayed

10:30 – 12:30

Vitiligo course

Please join us for the vitiligo expert-panel discussion
with the following questions:

- 1) Is vitiligo familial or genetic?
- 2) What is the recent ethiological factor causing vitiligo?
- 3) Is vitiligo an autoimmune disease?
- 4) What's the best photo-sensitizer agents?
- 5) Can phototherapy prevent new vitiligo lesion?
- 6) What's the maximum dose of narrow band UVB we can give?
- 7) Is there any good treatment for lip tip vitiligo?
- 8) What's the real success for melanocyte transplant?

And more of vitiligo challenging cases will be distributed around
during our vitiligo expert-panel discussion.
